

Submitting professional crossover claims with secondary insurance electronically to ProviderOne

The Health Care Authority (HCA) offers a process for providers to submit crossover and secondary insurance claims electronically. The ProviderOne system has a Direct Data Entry (DDE) feature for submitting crossover claims with secondary insurance. The agency also accepts and processes HIPAA-compliant electronic batch claims that contain all the required information along with Adjustment Reason Code(s) without sending the EOB. The Medicare Advantage Plans claims need to be submitted to ProviderOne as crossover claims, as these plans are NOT processed as commercial insurance.

DDE claim – not sending the EOB

A provider would log into their ProviderOne domain and use the **Claims Submitter** or **Super User profile**. Go to the Claims area and click the **Online Claims Entry** option, then choose **Submit Professional**. Fill in the claim information boxes, including all fields marked with a red asterisk (*) and answer all the questions required to submit a claim.

Answer the **Is this a Medicare Crossover Claim?** question as **Yes**. This will expand the Medicare Crossover area.

Complete all the fields marked with a red asterisk (*) using the Medicare EOB.

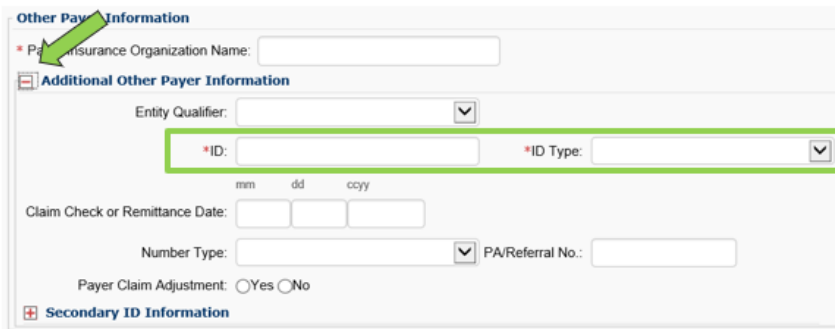

For secondary insurance click on the red + expander titled **Other Insurance Information**.

OTHER INSURANCE INFORMATION

Open the **1 Other Payer Insurance Information** section by clicking on the red + expander.

Enter the **Payer/Insurance Organization Name**

Expand the **Additional Other Payer Information** section and fill in the insurance company **ID number** and use the dropdown to complete the **ID Type**.

Secondary ID Information

When billing the claim, always use the insurance carrier code as the ID number. The ID Type will always be **PI-Payer Identification**. The insurance carrier code can be found under the **Coordination of Benefits Information** section when doing a client eligibility check using the ProviderOne portal.

Coordination of Benefits Information									
Service Type Code	Insurance Type Code	Insurance Co. Name & Contact	Carrier Code	Policy Holder Name	Policy Number	Group Number	Plan Sponsor	Start Date	End Date

You do not have to send the insurance or Medicare EOB with claims entered using this method!

Note: Split out lines Medicare paid on into a crossover claim and the denied lines into a non-crossover claim, depending on how Medicare processed the claim. Also use this method to submit a claim when all services were paid by Medicare but denied by the insurance company.

HIPAA Batch Claims

Providers can send batch E-claims to the agency if they are HIPAA compliant claims with all the required data elements. Contact hipaa-help@hca.wa.gov for detailed information.
